LIFTING PEOPLE

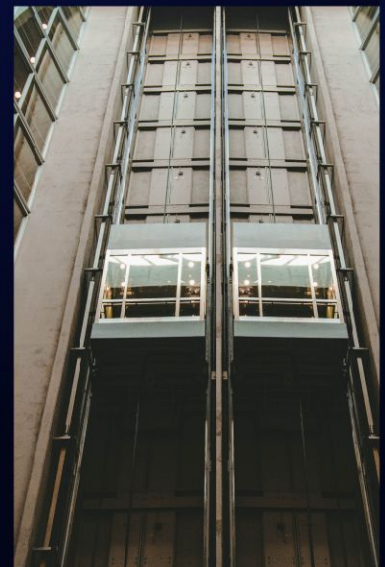

S I N C E 2 0 1 3

Legends Lifts India PVT. LTD.

We provide smart and innovative products for a wide variety of applications:

- * Passenger Lift
- * Capsule Lift
- * Hospital Lift
- * Freight/ Car Lift

A low-angle, upward-looking photograph of several modern skyscrapers with glass facades, creating a sense of height and architectural scale. The buildings are framed by a blue semi-transparent overlay on the left side.

**RELIABLE.
POWERFUL.
DEPENDABLE.**

Cost-effective, capable hydraulics get the job done, whether you are moving a few or even thousands of people each day.

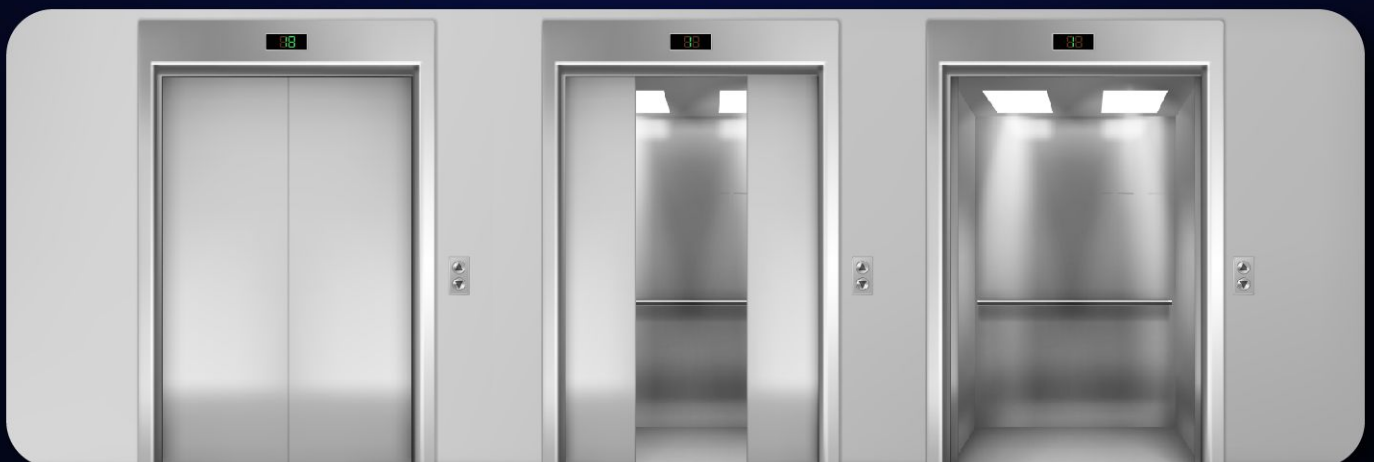

Small offices, shops, schools, worship facilities and hotels up to four stories need sensible options in elevators. The uncomplicated design of the hydraulic elevator uses fewer moving parts to lift heavy loads and keeps maintenance costs low. And you don't have to sacrifice building space or sustainability. Our hydraulic elevators use environmentally-safe fluids and we even make an innovative elevator that fits entirely in the hoistway.

Save thousands.

Low maintenance costs saves tens of thousands spent over an elevator's 25-year life span.

Interior quality.

UL-validated, low-emitting materials exceed stringent indoor air quality standards.

**FLEXIBLE.
EFFICIENT.
SMART.**

Traction elevators provide optimal ride quality, faster speeds and expend less time and energy to move people in your building.

We are Expertise in,

- > Providing lift with latest technology and multiple features
- > Installing lift with eco friendly products
- > Smooth operation, zero leveling accuracy
- > 30% to 40% power saving with VVVF drive controllers
- > Extended lift time warranty through preventive maintenance
- > Wide range of lift car size and car door opening
- > Different types of door and cabiust
- > Fire proof, dust proof, and rodust type fixtures
- > Solutions to all requirements of customers
- > Excllent service round the clock, throughout the year
- > Solutions for power fail and voltage fluctuaion

Our Services

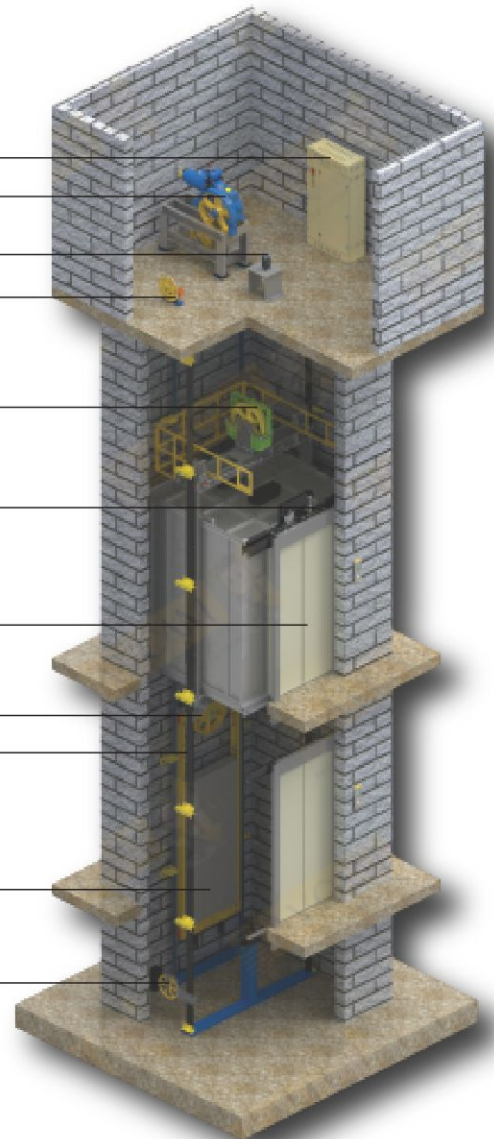

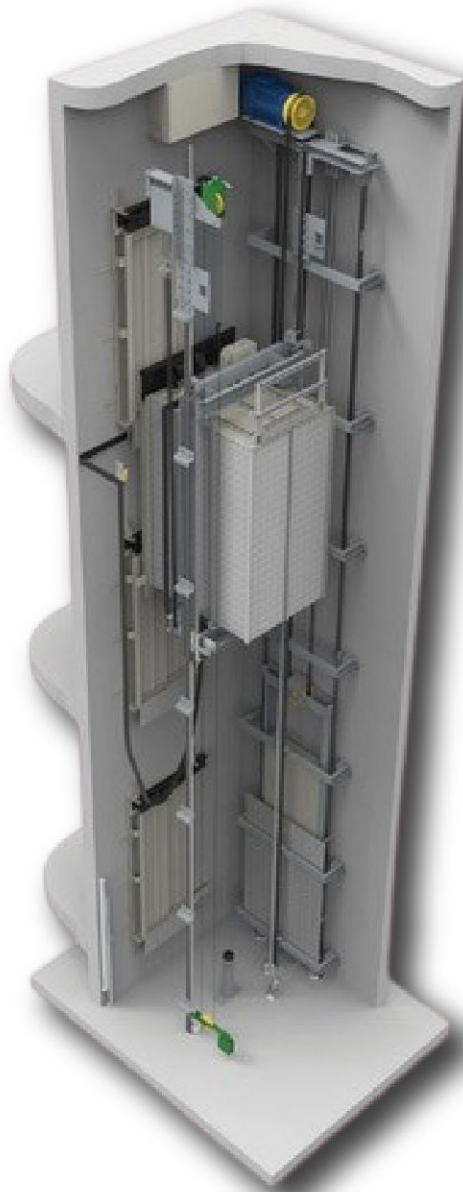

- > New lift installation
- > Repair & Modernization
- > Trouble shooting (24* 7)
- > Annual preventive maintenance

Schematic Diagram of Lift

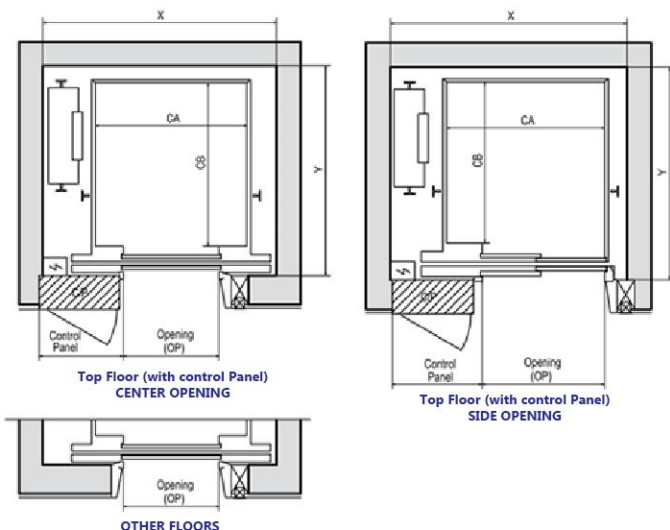

Gearless

Geared

- Control system
- Geared machine
- Primary velocity transducer
- Governor
- Roller Guide / guide shoe
- Secondary position transducer
- Entrance protection system
- Door operator
- Car safety device
- Compensation ropes
- Governor tension sheave

HOISTWAY PLAN

PASSENGER LIFT WITH AUTOMATIC DOORS

Load		Car Inside		Lift Well		Entrance	M/C room	
Persons	Kgs	A	B	C	D	E	K	L
4	272	1100	700	1600	1350	700	3100	3850
5	340	1100	900	1600	1500	700	3100	4000
6	408	1100	1000	1900	1600	800	3400	4100
8	544	1300	1100	1900	1900	800	3400	4400

26	1768	2100	1800	2500	2500	1100	4200	5000

Goods & Car Lift

- > Lift from 1 ton to 4 ton and above
- > Installing with heavy duty materials for extended lifetime
- > Applying technologies to make user comfortable at affordable price
- > Installation, maintenance and modernization of hydraulic / machine Room less

How to check lift safety

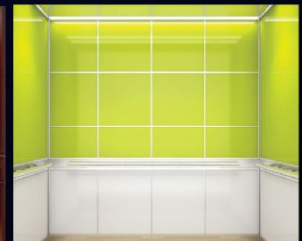

Safety Quality & Performance

- > Installing equipments with trained engineers / technicians
- > Overload tripper for over current monitoring
- > Phase monitor for phase sequence / missing / looping monitor
- > Over speed governor for over speed and free fall protection
- > Limit switches for over travel and terminal conformation
- > Stop switches and maintenance box for service & trouble shoot
- > Electrical and mechanical towards customer and user safety
- > Always wearing safety equipments, following safety practice at work

Features and Options We Provide

- > Power operated centre / side opening door
- > Integrated micro controller with VVVF drives
- > Stainless hair line finishing cabin
- > Micro controller single speed
- > Geared / gearless machine
- > Cabin printed with designs
- > Powder coated cabin
- > Auto rescue device

SPEED.

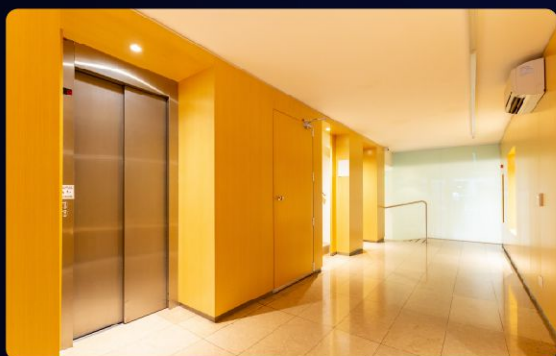

INNOVATION.

FREEDOM.

When height and speed are essential, our high-rise elevators can adapt to your vision as quickly as we can move people.

Passenger & Commercial Lift

- > Access to all levels of your floor
- > Wide range of passenger capacity capacity 4 persons to 20 persons and above
- > Automatic / semiautomatic / manual shutter / manual swing of door selction
- > Wide range of cabin filnihing and collar selections
- > Multiple choice of car / landing operating panels
- > Round / oval / square shapes of buttons selection
- > Wide range of diaplay selections
- > Touch of luxury premium brands
- > The lift style with good aesthetics
